

# dysgraphia life®

## IMPACT REPORT

### 2025

### Message from Our Founder

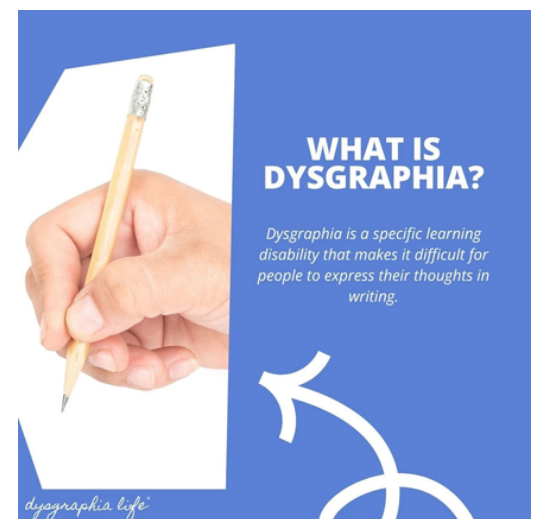

We are deeply grateful to the supporters and volunteers who made 2025 a year of meaningful growth for Dysgraphia Life. With your support, we expanded accessible online education for individuals with dysgraphia, their families, and educators through dysgraphiaLEARN, and reached a major milestone by receiving a 2025–26 research award. This funding brings together researchers, clinicians, educators, and parents to strengthen the dysgraphia research landscape and lay the groundwork for future discoveries. Thank you for being a part of this impact.

- Jennifer
